TECHNICAL DIFFICULTIES & CHALLENGES

Challenge #1

Difficulty in accessing Kibana after the second use.

Challenge #2

The quality of images sourced directly from haikyuu.fandom.com. Some images were not in high definition, potentially impacting user satisfaction.

Challenge #3

Handling special characters, particularly Japanese characters in our data, presented another obstacle

Challenge #4

A technical glitch that arose when encountering empty fields in the search column, leading to internal error messages.

LESSONS LEARNED

Each challenge provided an opportunity for improvement, guiding us toward a more robust and reliable search system.
